Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the New York City Land Development Corporation (NYCLDC), a component unit of The City of New York, which comprise the statements of net position as of June 30, 2022 and 2021, and the related statements of revenue, expenses, and changes in net position and cash flows for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the NYCLDC as of June 30, 2022 and 2021, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the NYCLDC, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

PRELIMINARY AND TENTATIVE FOR DISCUSSION ONLY

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the NYCLDC's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NYCLDC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the NYCLDC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September ____, 2022 on our consideration of the NYCLDC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the NYCLDC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the NYCLDC's internal control over financial reporting and compliance.

Notes to Financial Statements

June 30, 2022 and 2021

1. Background and Organization

The accompanying financial statements include the assets, liabilities, net position and the financial activities of the New York City Land Development Corporation (NYCLDC or the Corporation).

On May 8, 2012, the City of New York (the City) formed the Corporation. NYCLDC is a local development corporation organized pursuant to section 1411 of the Not-for-Profit Corporation Law of the State of New York. NYCLDC is engaged in economic development activities by means of assisting the City with the leasing and selling of certain properties. As a local development corporation, NYCLDC is able to purchase or lease City-owned property outside of the auction process as provided by section 384(b)(4) of the City Charter. The mission of NYCLDC is to encourage economic growth throughout the five boroughs of the City by acquiring City-owned property and disposing of it to strengthen the City's competitive position and facilitate investments that build capacity, create jobs, generate economic opportunity, and improve the quality of life.

2. Summary of Significant Accounting Policies

Basis of Accounting and Presentation

NYCLDC follows enterprise fund reporting; accordingly, the accompanying financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. In its accounting and financial reporting, the Corporation follows the pronouncements of the Governmental Accounting Standards Board (GASB).

New York City Land Development Corporation
(A Component Unit of the City of New York)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Recently Adopted Accounting Pronouncement

In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. With the adoption of GASB 95, provisions of this statement are effective for fiscal years beginning after June 15, 2021. The adoption of this Statement did not have an impact on the Corporation's financial statements as its lease transactions are deemed nonexchange in accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Revenue and Expense Classification

NYCLDC distinguishes operating revenues and expenses from non-operating items in the preparation of its financial statements. Operating revenues and expenses are transactions that directly relate to the organization fulfilling its mission statement, including related administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Tax Status

The income of NYCLDC is excluded from gross income for federal income tax purposes under section 115 of the U.S. Internal Revenue Code (the Code).

Other Related-Party Transactions – New York City Economic Development Corporation

New York City Economic Development Corporation (NYCEDC) provides NYCLDC with grant funding for its general and administrative expenses. The Corporation does not have any employees. Administrative services are provided to the Corporation by NYCEDC pursuant to a services agreement and no management fees are charged for these services.

New York City Land Development Corporation
(A Component Unit of the City of New York)

Notes to Financial Statements (continued)

3. Contract With the City of New York

NYCLDC has a contract with the City, allowing for the sale and lease of City-owned land to NYCLDC. The contract provides that when the City sells or leases City-owned land to NYCLDC, NYCLDC must dispose of such land to NYCEDC or at the direction of NYCEDC.

During the year ended June 30, 2022, the Corporation did not close on any real estate sales transactions and did not lease any city-owned properties from the City.

During the year ended June 30, 2021, the Corporation closed on one real estate sale transaction and leased one city-owned property from the City pursuant to section 384(b)(4) of the City Charter. During fiscal year 2021, the Corporation assigned the lease to a private party at the direction of NYCEDC and the private party assumed the lease. NYCLDC did not pay or receive any fees for leased property.

4. Grants

NYCLDC received operating grants from NYCEDC during the years ended June 30, 2022 and 2021. Grant revenues in the amount of \$2,025 and \$1,825 were provided during 2022 and 2021, respectively, to offset the Corporation's annual operating expenses. These amounts were recorded as operating revenue.

5. Cash

The bank balance was \$5,025 as of June 30, 2022. The full balance was covered by the Federal Deposit Insurance Corporation (FDIC).

6. Risk Management

NYCLDC, along with other parties, has been named a party in several personal injury claims and lawsuits. NYCLDC is covered as an additional insured with respect to all of the pending lawsuits and, as to the claims, NYCLDC is either covered as an additional named insured, or may rely upon contractual indemnification by the City. In management's opinion, the personal injury claims and litigation matters are not expected to have a materially adverse effect on the financial position of NYCLDC.

II. *Government Auditing Standards* Section

Report of Independent Auditors on Internal Control Over Financial Reporting and
on Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance
With *Government Auditing Standards*

The Management and Board of Directors
New York City Land Development Corporation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the New York City Land Development Corporation (NYCLDC), a component unit of the City of New York, which comprise the statement of net position as of June 30, 2022, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September ____, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the NYCLDC's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the NYCLDC's internal control. Accordingly, we do not express an opinion on the effectiveness of the NYCLDC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the NYCLDC's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

- A. Preservation of Principal – The single most important objective of LDC's investment program is the preservation of principal of funds within the portfolio.
- B. Maintenance of Liquidity – The portfolio shall be managed in such a manner that assures that funds are available as needed to meet immediate and/or future operating requirements of LDC.
- C. Maximize Return – The portfolio shall be managed in such a fashion as to maximize income through the purchase of authorized investments as stated below, taking into account the other investment objectives.

IV. Implementation of Guidelines

The Treasurer shall be responsible for the prudent investment of funds and for the implementation of the investment program and the establishment of investment procedures and a system of controls to regulate the activities of subordinate staff, consistent with these guidelines.

V. Authorized Investments

- A. The Treasurer or an Assistant Treasurer of LDC is authorized to invest funds of LDC as summarized and restricted below:
 - 1. U.S. Treasury Obligations. United States Treasury bills and notes, and any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States.

2. Federal Agency Obligations. Bonds, notes, debentures, or other obligations or securities issued by any agency or instrumentality of the United States.
 3. Repurchase Agreements. The repurchase agreements must be collateralized by U.S. Government guaranteed securities, U.S. Government agency securities, or commercial paper (of a type defined below) in a range of 100% to 102% of the matured value of the repurchase agreements and have a term to maturity of no greater than ninety (90) days. They must be physically delivered for retention to LDC or its agent (which shall not be an agent of the party with whom LDC enters into such repurchase agreement), unless such obligations are issued in book-entry form, in which case LDC shall take such other action as may be necessary to obtain title to or a perfected security interest in such obligations.
 4. Commercial Paper. Commercial paper rated A1 or P1 by Standard & Poor's Corporation or Moody's Investor's Service, Inc. or Fitch.

- B. In addition to the above investments, LDC may deposit funds in the following ("Deposit Accounts"), with respect to funds needed for operational expenses and funds awaiting investment or disbursement:
1. High quality no-load money market mutual funds that restrict their investments to short term, highly rated money market instruments.
 2. Other interest bearing accounts, if permitted by applicable laws, rules and regulations, with New York City financial institutions designated by the New York City Banking Commission or such other financial institutions approved by the Deputy Mayor for Economic Development or his successor in function.

VI. Written Contracts

LDC shall enter into written contracts pursuant to which investments are made which conform with the requirements of these guidelines and Section 2925.3(c) of the Public Authorities Law unless the Board or Executive Committee determines by resolution that a written contract containing such provisions is not practical or that there is not a regular business practice of written contracts containing such provisions with respect to a specific

investment or transaction, in which case the Board or Executive Committee shall adopt procedures covering such investment or transaction.

VII. Diversification

The portfolio shall be structured to diversify investments to reduce the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer or a specific type of security. The maximum percentage of the total portfolio permitted in the indicated type of eligible security is as follows:

A.	U.S. Treasury	100% maximum
B.	Federal Agency	100% maximum
C.	Repurchase Agreements	5% maximum
D.	Commercial Paper	25% maximum
E.	Bankers Acceptances and Time Deposits	25% maximum
F.	Certificates of Deposit	20% maximum
G.	Other Investments Approved by Comptroller for City Funds	A percentage deemed prudent by Treasurer

VIII. Maximum Maturity

Maintenance of adequate liquidity to meet the cash flow needs of LDC is essential. Accordingly, the portfolio will be structured in a manner that ensures sufficient cash is available to meet anticipated liquidity needs. Selection of investment maturities must be consistent with cash requirements in order to avoid the forced sale of securities prior to maturity.

For purposes of this investment policy, assets of the portfolio shall be segregated into two categories based on expected liquidity needs and purposes – Cash equivalents and Investments. Assets categorized as Cash equivalents will be invested in permitted investments maturing in ninety (90) days or less or deposited in Deposit Accounts. Assets categorized as Investments will be invested in permitted investments with a stated maturity of no more than two (2) years from the date of purchase.

IX. Monitoring and Adjusting the Portfolio

Those responsible for the day-to-day management of the portfolio will routinely monitor the contents of the portfolio, the available markets and the relative values of competing instruments, and will adjust the portfolio as necessary to meet the investment objectives listed above. It is recognized and understood that the non-speculative active management of portfolio holdings may cause a loss on the sale of an owned investment.

X. Internal Controls

The Treasurer or an Assistant Treasurer under the direction of the Treasurer shall establish and be responsible for monitoring a system of internal controls governing the administration and management of the portfolio. Such controls shall be designed to prevent and control losses of the portfolio funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by any personnel.

The following are the standards for the qualifications of brokers, agents, dealers, investment advisors, investment bankers and custodians:

XIV. Conflict of Law

In the event that any portion of this policy is in conflict with any State, City or federal law, that law will prevail.

XV. No Conflict With Other LDC Policies

Empowered officers may enter into agreements with banks and financial institutions for bank accounts and to purchase investments of the type indicated in these Investment Guidelines and other investments specifically approved by LDC's Board of Directors.

These Investment Guidelines do not modify any restriction, if any, otherwise imposed on various types of funds held by LDC, such as any restrictions set forth in any third party contracts with the City, or resulting from the source of funds (e.g. federal funds). Those other restrictions, to the extent inconsistent with these Investment Guidelines, shall govern. If possible, all sets of restrictions should be complied with. Furthermore, by adopting these Investment Guidelines, the Board is not amending or superseding any approval given or hereafter given for investments related to particular projects.
