The Treasurer shall be responsible for the prudent investment of funds and for the implementation of the investment program and the establishment of investment procedures and a system of controls to regulate the activities of subordinate staff, consistent with these guidelines.

**V. Authorized Investments**

- A. The Treasurer or an Assistant Treasurer of LDC is authorized to invest funds of LDC as summarized and restricted below:
  - 1. U.S. Treasury Obligations. United States Treasury bills and notes, and any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States.

2. Federal Agency Obligations. Bonds, notes, debentures, or other obligations or securities issued by any agency or instrumentality of the United States.
  3. Repurchase Agreements. The repurchase agreements must be collateralized by U.S. Government guaranteed securities, U.S. Government agency securities, or commercial paper (of a type defined below) in a range of 100% to 102% of the matured value of the repurchase agreements and have a term to maturity of no greater than ninety (90) days. They must be physically delivered for retention to LDC or its agent (which shall not be an agent of the party with whom LDC enters into such repurchase agreement), unless such obligations are issued in book-entry form, in which case LDC shall take such other action as may be necessary to obtain title to or a perfected security interest in such obligations.

  2. Other interest bearing accounts, if permitted by applicable laws, rules and regulations, with New York City financial institutions designated by the New York City Banking Commission or such other financial institutions approved by the Deputy Mayor for Economic Development or his successor in function.

## VI. Written Contracts

LDC shall enter into written contracts pursuant to which investments are made which conform with the requirements of these guidelines and Section 2925.3(c) of the Public Authorities Law unless the Board or Executive Committee determines by resolution that a written contract containing such provisions is not practical or that there is not a regular business practice of written contracts containing such provisions with respect to a specific

investment or transaction, in which case the Board or Executive Committee shall adopt procedures covering such investment or transaction.

#### VII. Diversification

The portfolio shall be structured to diversify investments to reduce the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer or a specific type of security. The maximum percentage of the total portfolio permitted in the indicated type of eligible security is as follows:

A.	U.S. Treasury	100% maximum
B.	Federal Agency	100% maximum
C.	Repurchase Agreements	5% maximum
D.	Commercial Paper	25% maximum
E.	Bankers Acceptances and Time Deposits	25% maximum
F.	Certificates of Deposit	20% maximum
G.	Other Investments Approved by Comptroller for City Funds	A percentage deemed prudent by Treasurer

#### VIII. Maximum Maturity

Maintenance of adequate liquidity to meet the cash flow needs of LDC is essential. Accordingly, the portfolio will be structured in a manner that ensures sufficient cash is available to meet anticipated liquidity needs. Selection of investment maturities must be consistent with cash requirements in order to avoid the forced sale of securities prior to maturity.

For purposes of this investment policy, assets of the portfolio shall be segregated into two categories based on expected liquidity needs and purposes – Cash equivalents and Investments. Assets categorized as Cash equivalents will be invested in permitted investments maturing in ninety (90) days or less or deposited in Deposit Accounts. Assets categorized as Investments will be invested in permitted investments with a stated maturity of no more than two (2) years from the date of purchase.

#### IX. Monitoring and Adjusting the Portfolio

Those responsible for the day-to-day management of the portfolio will routinely monitor the contents of the portfolio, the available markets and the relative values of competing instruments, and will adjust the portfolio as necessary to meet the investment objectives listed above. It is recognized and understood that the non-speculative active management of portfolio holdings may cause a loss on the sale of an owned investment.

#### **X. Internal Controls**

The Treasurer or an Assistant Treasurer under the direction of the Treasurer shall establish and be responsible for monitoring a system of internal controls governing the administration and management of the portfolio. Such controls shall be designed to prevent and control losses of the portfolio funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by any personnel.
